Education

Bachelor of Science in Computer Science (Software Engineering Track)   **Expected: May 2024**

   Towson University – Towson, MD

Associate of Arts in Computer Science   **July 2022**

   Howard Community College – Columbia, MD

Experience

Spanish Instructor, The Language Project   **January 2023 – August 2023**

- Developed lesson plans for each class, ensuring timely delivery of lessons.
- Documented, and reported, lesson events and results. Organized each file by date.
- Managed students individually and metered student's learning pace.

STEM Instructor, Panda Programmer, Silver Spring, MD   **January 2022 – July 2022**

- Analyzed student demands and translated them to requirements for a project.
- Built rapport with students to understand their needs and project aspirations.
- Programmed and designed student objectives and challenges.
- Scheduled teaching sessions accordingly with available staff.
